Call for Papers

If you own, design, build, operate, or are just interested in large ropeway systems, detachables, tramways, or material transport systems, this symposium is for you. This is a great opportunity to present and participate with some of the world’s leading tramway people. There will be a significant international flavor and a broad selection of papers presented and reviewed.

Skiing and Ropeway History is the theme for the THIRTEENTH SYMPOSIUM. Prospective authors are requested to submit abstracts of their papers that reflect topics and research, design, construction, operation and maintenance for passenger ropeway transportation in urban, recreational, construction, as well as material handling.

The one page abstract of the paper proposed to be presented should consist of approximately 250-words submitted electronically as follows:

- Plain Paper – No logos, watermarks, photos, etc.
- Title - Times New Roman 14pt Bold
- Text - Times New Roman 12 pt
- 8.5 x 11 inch paper, use 1 inch margins top, bottom and sides.
- A4 paper, use 35mm top and bottom margins, 25mm left and right margins
- Authors name footnote must contain mailing address, phone, fax, e-mail

Abstract Template:

The MS Word template for the abstract to be submitted on can be obtained by emailing mlane@nsaa.org or go to http://www.nsaa.org/ropeway-information/oitaf-nacs-general-information/.
Templates are available for 8.5 x 11 inch or A-4 (21 x 29.7 cm) paper.

Submittal due dates:

- Abstract Page March 31, 2020
- Finished Paper July 15, 2020

(Templates for papers will be e-mailed to author upon submittal of abstract of paper and acceptance.)

Send Abstracts or direct any questions for additional information to:
