

RMLA Special Classes

Monday – May 10, 2010

Rocky Mountain
Lift Association

SP-1 through SP-4 are half day sessions and SP-5 & SP-6 are all day classes that are presented the day before the conference starts, so that the extended training does not interfere with regular classes. Registrations are due before April 16, 2010. Registrations can be made on the Ski Area conference registration form available at www.rmla.org.

SP-1 . Accident Investigation

Jimmy Lawrence -
Willis (MountainGuard Insurance)

This unique session will begin with a classroom session reviewing the steps and requirements of an accident investigation. It will then progress outside to several simulated accident scenarios for small groups to investigate, gather information and then present the findings to the whole group. We will be looking at Lift incidents, slip and falls, and facility incidents.

Limited to 40 participants.

Class Time: 8:30 a.m. – Hampton Inn Downtown

Class Cost is \$20.00.

SP-2 Success for Tabletop Exercises

Herb George -
Red, White, & Blue Fire Protection District

This session will outline the steps and how to create objectives for & execute a successful Table Top Exercise.

A tabletop exercise is a facilitated, scenario-based group discussion. It provides an opportunity for areas and their personnel to become acquainted with one another, their interrelated roles, and their respective responsibilities. These exercises provide good preparation for written procedures and a functional exercises.

Limited to 40 participants.

Class Time: 1:00 p.m. – Hampton Inn Downtown

Class Cost is \$20.00.

SP-3 Train the Trainer

Steve Howard - Aspen Skiing Company

Training is a huge company investment in time and effort. This class will help your trainers be more effective, successful and enjoy the role more as a trainer

Limited to 30 participants.

Class Time: 1:00 p.m. – Hawthorn Suites Downtown

Class Cost is \$20.00.

SP-4 Overview of DC Motors, DC Drives, AC Motors, AC Drives, and Starting Methods

Robert (Bob) Simon - ABB, Inc.

A general presentation of motors, drives, and starting methods will be presented. Their general construction, operation, application, and the various methods of starting the motor and load.

Limited to 30 participants.

Class Time 1:00 p.m. – Two Rivers Complex

Class Cost is \$20.00

SP-5 Introduction to Welding and Cutting

Doug Hamilton - Breckenridge

The class will cover oxy/acetylene use and safety, with hands-on cutting and brazing. It will also cover welding safety with hands-on electrode, wire feed, and tig welding. This is an introductory class, but bring your problems, questions, helmet, jacket, gloves, eye protection, leather shoes, & cutting goggles (shade 5).

Limited to 15 participants.

Class Time 8:30 a.m. - Leitner-Poma Shop

Class Cost is \$50.00 for materials, and lunch.

SP-6 LPOA Brake Adjustment and Service

Jim Mann – Leitner-Poma of America

This session will be a hands on brake adjustment and service class. Participants will be expected to dismantle and re-assemble the Drive Sheave and Service brakes during the class. Dress appropriately.

Limited to 10 participants.

Class Time 8:30 a.m. - Leitner-Poma Shop

Class Cost is \$85.00 for materials, and lunch.
